John,

NO situation report as of yet.

Colorado has lifted restrictions on the Animas.

New Mexico is in the process/has of lifting restrictions associated with the river – drinking water/recreation.

New Mexico did lift the restriction on the use of drinking water wells.

Awaiting sampling results for the Navajo section of the San Juan.

Irrigation ditches in New Mexico were flushed.

I am sure there is more to come.

EOP/Ex. 6

Matt,

Anything updates this afternoon or hot off the wire?

John
